27 June 2018

Dear Parents and Carers

Further to our letter dated 20 June 2018, we write to update you on the planned building works to restore catering facilities in the junior school.

Lewisham have now informed us that these works will not start until October or possibly later.

We are therefore pleased to be able to offer breakfast/after school clubs as usual when the children return to school for the start of the autumn term.

We have discussed the future implications for the extended provision whilst building work is undertaken, and we are confident that we will be able to continue to provide a service for our families using other facilities on our school site.

As stated in our previous letter, we will of course keep you updated as and when we receive more information from Lewisham.

Yours sincerely

Mitzi Nichol

Mrs M Nichol
Headteacher
Stillness Junior School

Annie Grimes
