

Y4 Visit The Chocolate Museum

At the end of the last academic year, Y4 children made a visit to the chocolate factory in Brixton to learn about how chocolate is made.

The staff and children had lovely morning learning about all the different chocolates; the children also made and decorated their own chocolate products to bring home with them.

Pupils Returning to School on Crutches

Prior to accepting a pupil back into school on crutches, the school will require a letter from a medical professional (GP, Hospital, Clinic) outlining exactly what injury or suspected injury has been sustained.

The letter **MUST** provide the school with details of whether the pupil requires any reasonable adjustments to be made whilst in school and for how long they may be needed. The letter should also include information about whether the pupil is able to weight bear and any limitations.

Health & Safety: Without this clear medical information, the school is unable to assess the levels of risks involved and therefore unable to complete a suitable risk assessment. The risk assessment will cover all aspects of the pupil's day.

A risk assessment is a pre-requisite for any pupil returning to school after an injury.

A Personal Emergency Evacuation Plan will also be completed and both documents will be prepared prior to the pupil returning to school.

The pupil must have received training in the use of crutches from a medical professional.

It is unacceptable for any pupil to arrive at school with crutches that they have obtained from means other than a medical/professional establishment. These pupils pose a risk to themselves and other pupils and employees and this could potentially put the school at risk.
